Northern Transportation Air Quality Summit

2018

NEWARK, NJ

August 7-8, 2018

Mark Your Calendar!

A cutting-edge transportation and air quality conference for your region is coming this summer. Don't miss this chance to interact with your peers! The Summit will bring together stakeholders from the transportation and air quality communities to discuss the current and upcoming regulatory environment, new technologies, and current practices. Content is geared toward practitioners in the Northeast and Mid-Atlantic states involved with public agencies at all levels. Speakers from the national and regional levels will present on key topics, best practices, and the latest information vital to transportation, planning, and air quality professionals.
